

# Researcher Spotlight

“ IAB funding allows us to instill and infuse creativity in our students and our research and, hopefully, to contribute to the overall societal good. ”

## Research Interests

- Microbiome and Soil Microbiome
- Non-Human DNA Profiling

## Capabilities

- Microbiome analyses
- Bioinformatics/classification algorithms
- Non-Human DNA Analysis

## Advanced Instrumentation

- Forensic DNA Laboratory Equipment
- FASTPREP
- Quibit
- Quant Studio 3
- FGX-MiSeq
- TF S5
- Minion bioanalyzer

**DeEtta (Dee) Mills, PhD**  
**Professor**  
**Florida International University**
